

## The Safety Group

Safety Group is the Canadian Red Cross training partner and offer wide range of safety training courses.

## Importance of first aid training

Accident can be happened anytime, anywhere or any reason but doctors are not available all time. To save life and get a little time to take the victim to the doctor, first aid training is much important and we are doing that job. Our first aid courses are:

- Standard First Aid Training Courses
- Emergency First Aid Training Courses

## Importance of safety Awareness

Safety training is important for every one because we are living in deferent environment or doing our job in deferent industry/sector but each and every where has some safety matter, most of cases we don't have proper knowledge about that but we should.
